ABOUT ME

I am an enthusiastic developer with a passion for continuous learning and growth. I actively seek opportunities to expand my skills through hands-on projects, constantly striving to improve and contribute effectively. Eager to apply my growing expertise to real-world challenges.

EXPERIENCE

INTERNSHIPS
SOFTCOD
2025 - Present

- i have been working on few own projects in my learning phase i have made few clones
- i tried to my portfolio unlike copying from internet i made it from scratch my my self
- then i tired to learn JavaScript with making a calculator
- i usually solve problem using python in leetcode

SUMARRY

Aspiring web developer with a focus on building responsive websites and gaining expertise in JavaScript. Currently expanding my skills in front-end development and eager to learn React. Passionate about continuous learning and growth, always seeking opportunities to improve and apply new technologies to create functional and user-friendly web solutions.
